

Formulations type

	Solid formulations for direct use
DP	Dustable powders
GR	Granules
DT	Tablets for direct application
DS	Powders for dry seed treatment
	Solid formulations for dispersion
WP	Wettable powders
WG	Water dispersible granules
WT	Water dispersible tablets
EG	Emulsifiable granules
EP	Emulsifiable powders
	Solid formulations for dissolution
SP	Water soluble powders
SG	Water soluble granules
ST	Water soluble tablets
SS	Water soluble powders for seed treatment
	Simple solutions
SL	Soluble concentrates
OL	Oil miscible liquids
UL	Ultra low volume liquids
GD	Gel for direct application formulation
LS	Solutions for seed treatment

	Solutions for dispersion
EC	Emulsifiable concentrates
DC	Dispersible concentrates
EW	Emulsions, oil in water
ME	Micro-emulsions
ES	Emulsions for seed treatment
	Suspensions
SC	Suspension concentrates
CS	Capsule suspensions
OD	Oil-based suspension concentrates
FS	Suspension concentrates for seed treatment
	Multi-character liquid formulations
SE	Aqueous suspo-emulsions
ZC	Mixed formulations of CS and SC
ZW	Mixed formulations of CS and EW
ZE	Mixed formulations of CS and SE
	Formulated and/or prepared as devices
AE	Aerosol dispensers
MC	Mosquito coils
MV	Vaporizing mats
LV	Liquid vaporizers
RTU	Ready-to-use liquid (trigger spray)
